### Description

Carbon Fiber Shin Guard is a lightweight and high strength product for protecting the soccer athlete. We're a leading manufacturer of CF shin guards. When you wear it on your hands, you don't feel the slightest sense of friction, but it's very suitable and comfortable.

### Feature

- Lightweight, breathable, fast and easy to wear, and compact for most sizes.
- Pre-bent design conforms to the body and is designed for all kinds of sports while riding.
- Seamless high-density seaming, so that the protective gear is not loose, beautiful and durable.
- The outer layer of tarpaulin is delicate and soft to the touch, waterproof design, windproof and warm.
- Elastic band design, comfortable and breathable, flexible.

### Reviews

Hello Jenny, received the parts yesterday, the cutting and quality is really good thank you, 

all the carbon im going to be cutting will be painted, it looks really really good and customers want it. 

The cutouts are great! No issues with them. All the dimensions are cut to size
