
High quality Light weight 100% 3k carbon fiber credit card holder

Description

Carbon fiber money clip is more and more popular than ever before, because it's convenient and easy to carry. The carbon fiber money clip with card holder can hold about 40 bills or 10 credit cards, debit card, ID cards for security. They're enough to keep money or cards not sliding to the sides, and are easily extracted or removed. It's really the perfect carbon fiber money clip for the front or back pocket.

Feature

[Highly Compact Wallet]

Two sides' elastic bands greatly increase its compactness, the feature enabling you to store compactly your credit cards or paper bills in the wallet, and prevent them from slipping out. In addition, it's not as awkward as bloated traditional wallets.

[Aluminium & Carbon Style]

The combination of carbon and aluminium material makes the carbon fiber wallet more stronger and durable, it's about 60 gram.

[Large Capacity]

The carbon fiber wallet can hold up to 40 bills or 10 credit cards in the inner layer, and 20 bills on the outer layer.

Application

Money / cash ,business cards, name cards, vip cards , id cards ,bills, receipts, any combination of bills and cards.

Reviews

Hello Jenny, received the parts yesterday, the cutting and quality is really good thank you, [REDACTED]

all the carbon im going to be cutting will be painted, it looks really really good and customers want it. [REDACTED]

The cutouts are great! No issues with them. All the dimensions are cut to size
