

**XC CARBON FIBER CO.,LIMITED**

**Carbon fiber sheet**

**3K 100% Carbon Fiber sheets (3K+UD+3K)**

**Carbon Fiber Uni Prepreg Sheets (UD+UD+UD)**

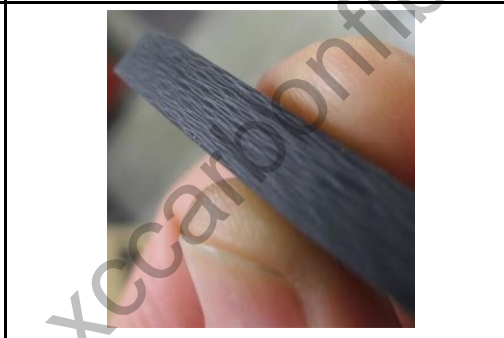

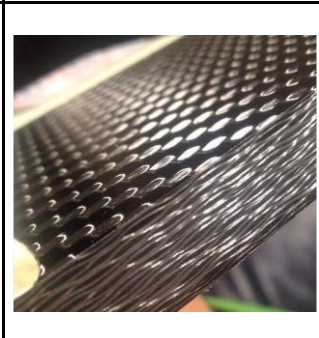

**Carbon Fiber Fabric Option And Properties Data:**

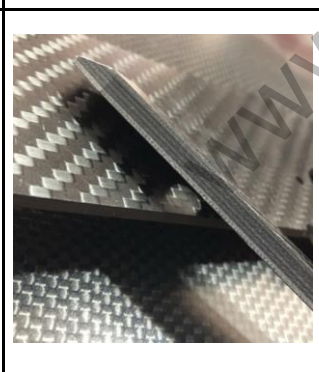

|                         | T300                        | T700                        | T800                        |
|-------------------------|-----------------------------|-----------------------------|-----------------------------|
| <b>Tensile Strength</b> | <b>3530MPa</b>              | <b>4900MPa</b>              | <b>5880MPa</b>              |
| <b>Tensile Modulus</b>  | <b>230GPa</b>               | <b>230GPa</b>               | <b>294GPa</b>               |
| <b>Density</b>          | <b>1.76g/cm<sup>3</sup></b> | <b>1.80g/cm<sup>3</sup></b> | <b>1.80g/cm<sup>3</sup></b> |

**Carbon Fiber Fabric Can Be Chosen According To Strength Requirement.**

**Carbon Fiber Artisan Sheets (3K+3K+3K)**

**Carbon Fiberglass sheets (3K+Fiberglass+3K)**

**Carbon Fiber Foam Core Sheets (Custom carbon content)**
